**Undergraduate Only: Do you have a minimum 2 cumulative GPA during the last 12 months?** Yes

**Graduate Only: Do you have a minimum 3.0 cumulative GPA during the last 12 months?** Yes

**If you are a Board of Director College Representative applicant, have you declared a major for the College position you are applying for and enrolled in at least one (1) course within the College? (Note: If you are a Charter College of Education Representative, have you declared a major in that College?)** Yes

### Undergraduate Applicants

**Have you earned at least six (6)-semester units of academic credit per semester at Cal State LA during the past 12 months prior to application (not including remedial courses)?** Yes

**Will you be enrolled in at least six (6)-semester units of academic credit during the semester you are applying.** Yes

**Are you aware that you must be enrolled in a minimum of six (6) units per semester while in office?** Yes

**Are you aware that you must maintain a 2.5 GPA each semester while in office?** Yes

**Have you earned less than (150)-semester units?** Yes

**What previous experience have you had in the area in which you are applying for?**

Frankly I have no previous experience as far as clinical trials or animal/human testing for research but this interests me a lot as I feel the ethical question of when is it okay to use animals and when is it okay to use humans to advance a topic of research is a great ethical grey area.

**State briefly why are you are applying and/or are interested in this position**

Whether it's vaccines, medical treatment or preventative care is often a grey area. I feel I could be a good judge of character of when to allow human subjects to happen and when to not.

**What do you feel are some of the major problems facing the students of Cal State LA?**

I believe we as a school are not respected as much as we should be in the scientific research community and the athletics community.

Our soccer team has been playing amazingly so I feel that aspect is slowly improving but I think we could still do some major breakthrough in research and I hope I can do even a small part in achieving that.

**List activities and/or organizations that you have been involved with (on or off campus)**

- Esports Association
- League of Legends club
- Model United Nations club
- Coding Club
