Additionally I am currently the Inventory analyst/ manager at my job where I run forecasts and breakdowns so that our company runs smoothly and so that we can make the best decisions to save money. I have been the Vice president of my organizations as well so I have experience with being the hear of a committee and managing my time for meetings and other events. I know I would be a great person for this position.

State briefly why are you are applying and/or are interested in this position

The reason I am applying for this position is because Finance is a subject I am passionate about. I want to take my current knowledge of the subject to another level and continue to keep growing in that field. I know that this position will challenge me and I know that I can handle it. I also get to help to students at our campus and represent our school which is another thing I look forward on doing. I get to help the students and represent them while expanding my knowledge for my major, two things that will keep me motivated.

What do you feel are some of the major problems facing the students of Cal State LA?

Currently some of the problems that Cal State La Students are facing are having access to basic needs. Because of the struggles the pandemic has caused to many students they need access to things like Wifi, electronics such as laptops, and places to study. A lot has been done to help the students but due to the circumstances we are in, this is still an issue for many students to this day.
