State briefly why are you are applying and/or are interested in this position

My interested for this position is mainly due to the experience I have held throughout my current graduate experience. I would like to participate as a representative for my department as I believe I might be able to bring in ideas to that can better help our students better prepare for their graduate degree and to better enhance their experience as a student.

What do you feel are some of the major problems facing the students of Cal State LA?

Our Business and Economics School has three main departments, I have notice that there is not a lot of unity or information that can better help student seek the resources they need to further help their career options. I would like to potentially present ideas to the school's chair and with heir permission potentially have an outreach program that can help our students be aware of the potential opportunities that our school of business offers.
