State briefly why are you are applying and/or are interested in this position

I am applying for this position in part to fulfill my duties as a member of the ASI Board of Directors. However, I am interested in becoming more involved with and gaining a better understanding of governmental policies. In the past, I admittedly was not interested in government at all. But I now realize that it plays a large role in shaping our everyday life. As such, I would like to get more involved with understanding these policies, sharing the information with Cal State LA students, and hearing their views.

What do you feel are some of the major problems facing the students of Cal State LA?

I believe many of the major problems facing Cal State LA students involve uncertainty. As we return to on-campus and hybrid classes, students will have to constantly adjust to new policies. The pandemic has also caused various hardships for many people. Another problem is that many students are unfamiliar with the resources available on campus and/or do not know how to access them.

List activities and/or organizations that you have been involved with (on or off campus)

I am involved with a research lab on the Cal State LA campus. I am also involved with the Early Entrance Program Club and the Chemistry and Biochemistry Club. I am also involved with ISPI, an affiliate of the LaMuSci club.

what activities, work, or clubs/organizations do you PLAN to be a part of this coming year? List any leadership roles you will hold.

I will continue working in the research lab I am part of. I plan to work on campus as a writing center tutor. I also plan to volunteer at a nearby hospital. In addition, I will carry out the duties as one of the representatives of the College of Natural and Social Sciences in ASI. In ISPI, I serve as Vice President of Mentorship.
