What previous experience have you had in the area in which you are applying for?

Regarding the personnel committee, I have had a lot of experience on campus, both negative and positive. Due to this, I believe that these experiences have allowed me to know both sides of a story, which will in turn help me decide how to vote on this committee. Regarding the finance committee, I have some experience since I have been a treasurer for a club before. However, throughout this position, I hope to gain more knowledge.

State briefly why are you are applying and/or are interested in this position

Regarding the personnel committee, I am interested in this position because I would like to be a part of the voice of those who are trying to get a job on campus, or of the students who are trying to establish a policy. I feel as though this committee is an extension of my job as a college rep. Regarding the finance committee, I have always been curious about funding and about where the money on campus goes. I feel as though this position would give me good insight into that.

What do you feel are some of the major problems facing the students of Cal State LA?

Some major problems Cal State LA students are facing can be a lack of support. I am aware that our campus offers a variety of different resources for students but they are not aware of these resources. I feel as though it is because many students do not enter buildings to ask about resources, they do not read the emails and more. By making the resources more available through social media, posters on campus, and other methods. This would allow the students to become more aware of the resources on campus.
