State briefly why are you are applying and/or are interested in this position

I always believed that students are not using up the resources available to them, simply because they are not aware of them. I hope through this position I can help spread awareness and extend these resources out to students.

What do you feel are some of the major problems facing the students of Cal State LA?

Students are struggling with tuition and signing up for their needed classes. Not many classes students need are being offered, which can cause a delay in graduation. Many students with disabilities are voicing out their struggles with our university's accessibility, which I believe to be a key problem.
