What previous experience have you had in the area in which you are applying for? I do not have much experience with physical planning. However, I am aware of some of the issues students have with the campus environment. I am also aware of some of the improvements that have been put into place (eg. the fountain and garden area near the EPIC office). I also understand the increased need for campus planning as students begin returning to campus.	

State briefly why are you are applying and/or are interested in this position

I believe there are many ways that the campus physical environment can be improved. Many students complain of the deteriorating physical environment of our campus. The campus physical environment is even more important now as students return to campus. As a member of the ASI Board of Directors, I also need to sit on a University committee to fulfill my role. The committee that I had applied for only meets in the Spring.

What do you feel are some of the major problems facing the students of Cal State LA?

In terms of the physical environment of the university, I think that one of the issues is the space needed to accommodate students taking online courses while physically on campus. Many students have had problems finding a private space to take their online classes while physically on campus. There are also concerns with the maintenance of various buildings (eg. faulty elevators, cleanliness, etc).

List activities and/or organizations that you have been involved with (on or off campus)

I am involved with a research lab on the Cal State LA campus. I am also involved with the Early Entrance Program Club and the Chemistry and Biochemistry Club. I am also involved with ISPI, an affiliate of the LaMuSci club. I volunteer at CHMC, a hospital in downtown LA.

what activities, work, or clubs/organizations do you PLAN to be a part of this coming year? List any leadership roles you will hold.

I will continue working in the research lab I am part of. I plan to continue volunteering at the nearby hospital. In addition, I will carry out the duties as one of the representatives of the College of Natural and Social Sciences in ASI. In ISPI, I serve as Vice President of Mentorship. I serve as a liaison between the Early Entrance Program club and alumni.
