Screening of a documentary exploring California's red abalone population and the coastal communities whose cultures and economies are deeply tied to this rare marine species. Following the film screening there will be a Q&A with the director.

### How will this event enhance the Cal State LA experience?

This event will enhance the Cal State LA community experience because it will bring awareness to a coastal resource - red abalone - and the interconnections of this shell species with nearby indigenous cultures and coastal economies. This is an opportunity to think beyond our local community and think deeply across our regional communities and the connections that exist across Southern California both culturally, economically, and ecologically.
