II. Public Forum:

- a. This time is allotted for the public to address the Board regarding items not included on the meeting agenda. Speaker cards are available for those wanting to speak on agenda items as listed below. Those comments will be heard as the item is introduced.
- Student: I just want to follow up on some of the comments made at the last meeting in regard to the funding. My understanding is that this specific public comment is about the proposed referendum?
 - Aaron: This is the general public comment. You can speak about it if you want.
 - Student: The thing about this is that ASI is already getting a significant amount of money and students don't have a choice on whether or not to pay the student fees...It's required, but they don't really have a say in how the money gets spent. There were some pretty interesting items on the budget for next year. Then the feedback that we got on the comments we made sounded pretty defensive and actually kind of upset that we would question such purchases or that it was because we couldn't make it to prior meetings. If you want to propose an increase, it should be optional. If many of these fees are going towards things that the general students don't benefit from...look at the money you have currently and see if you can spend some of it more in the students interest and then maybe they will support something like this in the future. Right now the lack of therapists at CAPS is a huge issue...if we're going to give thousands of more dollars to ASI, those are the kinds of reasons we should be raising it for.

III. Action Items:

- a. ASI Referendum: The board will take action on the future of the current referendum.
1. Discussion:
 - Jackie: I know a lot of you weren't here when the referendum was created. At the first finance meeting where it was talked about. I wasn't for the referendum because of circumstances at that time no longer applied. I agree that over the past few years ASI has had difficulty trying to exhaust the budget, so for me it is difficult to want an increase. I don't see a reason to increase the budget. I do agree with the student that it could be a good idea in years to come if done appropriately and going towards the right causes.
 - Aaron: This current referendum will be rescinded permanently.

Offered By:	Jacquelyn Acosta	Seconded by:	Christopher Koo			
Motion to rescind the referendum
