- II. Public Comment** – Public Comment is intended as a time for any member of the public to address the committee on any issues affecting ASI and/or Cal State LA
- a. VPAG Jocelyn Vargas announced the State of our Campus event. She mentioned that the event is collecting survey for questions to ask the admin that will be present there.

III. Discussion Items

- a. The committee will review a revised draft of the Project Rebound Proposal.
 - i. The representative walked through the changes in the proposal

1. Made to reflect the exact expenses of rent, groceries, or gas for up to \$150 for each scholar
2. Plan is for students to submit expenses through receipts and for the receipts to be reviewed.
- ii. John V. said it was a great initiative and asked about the program's membership
 1. The representative said that they support someone who has done more than 30 days in jail. Majority of current scholars have spent numerous years in prison. Have a program with Lancaster Prison where individuals earn an AA degree and come to the campus once they are released. Talks about education as a public safety and becoming a better member of the world. By supporting, they are creating a better society. Don't like to categorize crimes, want to help everyone who has had an experience or was impacted by the system. Told personal story of experience with Project Rebound and how it helped him.
- iii. Diana asked Dena if it were to pass, would it be funded like the resource centers or how would it look like.
 1. Dena answered that if it goes through setting up a TM account, it will be added to the budget as a line item and come from the unrestricted funding. Doable, but not certain on the formatting on how it would be presented on the budget.
- iv. Diana gave a comment about the proposal. She said that she would like to continue funding the program continuously like the other resource centers. Would also follow other ASI's footsteps. Said that the fact that Cal State LA has Project Rebound on campus is something that we should be proud of. Adds on to Cal State LA's diverse community.
 1. Dena completely agrees with Diana's thought process. Dena also commented that by creating a TM account, every time the budget is looked over it will be there. Said that the representative would be invited back to request funding and then it would be added to the budget. A TM

account is a good start, but next year's budget would be determined by next year's administration

- v. The representative wanted to give a final thank you to ASI for the time and support.

IV. Action Items

- a. The committee will take action on dis/approving the Project Rebound Proposal in conjunction with the budget

Offered By:	Abel Gullien	Seconded by:	Jocelyn Vargas			
Motion to approve the project rebound proposal for 6000 and it will create a line item under the university support area. This reduces our unallocated funds from \$74,858 to \$68,858.
