II. Public Comment: We will now move on to Public Comment. This time is allotted for the public to bring up comments or concerns of interest to the board. Please be advised that due to a set agenda, the board will not address the items brought up at this time but will note them down for the Executive Committee’s review and action. If members of the public would like to be followed up with directly, please provide your contact information with the ASI staff or through the form provided on the ASI website meeting agenda. We will now call on members of the public in order of registration before moving on to the public.

Jeffry: Shared about the parking ticket incident that over 50 students were ticketed in 1 location. For the past year students were allowed to park on the 2nd level of Structure C with their student permit but earlier that week there was a new restriction that the area is only for residents but it conflicts from what Parking & Transportation listed as a viable parking spot for students in the spring brochure. Also, there was no campus wide emails explaining the change.

Ashley: Shared they aren’t mandated to send out emails but they need more signage in the area, there is only a couple and they are all hidden so they are easily missed.

III. Informational Items

A. Proposed Program Calendar - Fall 2026

Ashley: Went through the proposed program calendar for the Fall Semester that was approved at CEO to give the next board a head start and to be able to jump in. Some major events mentioned were: Welcome Week, NVRD, RSO Workshops, Spirit Week, trips to City Hall, mid-term study events, ASI Town Hall, Golden Eagle Dinner.

Dena: Mentioned a lot of departments do financial wellness events and shared we should all collaborate on 1 big event.

Jeffry: Shared there is missing some targeted events for graduate students and that the University Club is open to closing down one of their happy hours and doing a graduate student happy hour.

B. CSSA Report

Arwa: Shared 2 resolutions were approved - one that was against the executive compensation increase of University Presidents across the CSU’s and the other was calling for more transparency regarding alternative consultation.

C. Approval for Non-Budgeted Year-End Purchases

Dena: Shared these items are not in addition to the budget, these would be purchased with the savings we have in certain line items and since we did not fully utilize the budget. These will be items that we will use next year. Explained the items - the plushies are to be given out to students (giveaways), radios to be used during our events, swag items (screaming eagles - t-shirts). Continued, that the board is approving to not exceed \$30,500 for the items listed.

Arwa: Shared her opinions - does not see the worth in some of the items given the budget constraints and could reallocate the money to other sections (travel, student professional development).

Dena: Clarified that the money not spent here would go to the bottom line and would not go to travel (as an example) because the 2026-2027 budget has been approved. This is an opportunity to get ahead and purchase items, so we don't have to use next year's budget to purchase these items.

Jeffry: Asked if we allocated/approved the whole list, what would happen if the remaining reserve amount that wasn't used (about \$70k)?

Dena: Answered - any remaining monies would drop to the bottom and roll over to next year's budget. Shared in September that is when the board would do a realignment of the budget after the audit is completed and the board has no obligation to spend any additional money and could let the monies stay in reserves. Also, shared that during that time in September is when the board can look at travel or any other line items and see if they want to allocate any additional money.

Jeffry: Added that the swag items for The Sauce include t-shirts, stickers, small trinkets to promote the Substack and for those who provide content. Also, shared that if there is any additional monies remaining next year would like to see some funds go to student at-large members who sit on committees to encourage students to get involved in our committees and university-wide committees and develop a specific budget for the Town Hall to incentive students to attend and engage in conversations.

Erick: Shared there should be opportunities for student staff to attend conferences/professional development because us (board members) get those opportunities and should be extend to them.

Gus: Shared more detail about the items being requested the VIP items are nicer items for city officials, guest speakers, university cabinet.

Jeffry: Shared would like to give an appreciation gift to the administrative/executive assistants to the VP's and Chief of Staff Victor Rojas as a thank you and keep cultivating those relationships.

Motion to approve the non-budgeted year-end purchases with an increase of \$1,500 for gifts for the administrative/executive assistants to the VP's

D. ASI Support for AB2422

Genesis: Shared AB2422 was authored by assembly member Jessica Calozon student financial aid - late financial aid awards extension and focuses on the systematic mistakes that financial aid sometimes has regarding any documentation not submitted with the FASFA application and gets rejected or postponed. Which leads students to not getting financial aid, awards being late, or a lesser amount. This bill would protect students and their financial aid award letters/packages if there is internal mistakes within FASFA and undocumented students' financial aid.

Continued, on the support letter she wrote a statement about ASI/Cal State LA's support with the bill - Cal State Los Angeles currently enrolls over 21,000 students with 64% of our students Pell eligible. Cal State LA students have expressed concerns as shared experiences with financial aid application processes, challenges with required documentation and impacted award packages. For this reason, ASI and Cal State Los Angeles sponsors AB 2422, student financial aid, delayed financial aid awards extensions.
