Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Associated Students of California State University, Los Angeles, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 19 to 27 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013**

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

The Associated Students of California State University, Los Angeles, Inc. (the Organization) (a California State University Auxiliary Organization) is a recognized nonprofit auxiliary organization within the California State University System (CSU) and is a component unit of the California State University, Los Angeles. The Organization serves as an auxiliary operating at the California State University, Los Angeles (the University) and exists to serve the CSU and the University. The Organization is a nonprofit public benefit corporation organized under the Nonprofit Public Benefit Corporation Law. The Organization was incorporated on March 3, 1980 with the purpose of encouraging effective student participation in campus activities, as well as stimulating the educational, social, physical and cultural activities at the University. The Organization's major source of income is derived from the student activity, which are charged to all enrolled students on a quarterly basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Financial Statement Presentation

The Financial Accounting Standards Board (FASB) implemented the FASB Accounting Standards Codification (Codification) effective July 1, 2009. The codification has become the source of authoritative accounting principles generally accepted in the United States of America (GAAP) recognized by FASB to be applied to nongovernmental entities. On the effective date, the Codification superseded all then existing accounting and reporting standards. All other non-grand-fathered accounting literature not included in the Codification has become non-authoritative. References to GAAP included in the FASB Codification are noted as Accounting Standards Codification (ASC).

Classification of Net Assets

The financial statements are presented in accordance with ASC Topic 958 Subtopics 205, 210, 225 and 230. The Organization is required to classify net assets and revenues, expenses, gains and losses into three categories, based on the existence or absence of donor-imposed restrictions. The categories are unrestricted, temporarily restricted and permanently restricted net assets:

- Unrestricted net assets is generated by receiving unrestricted contributions, receiving student activity fees charged to all University students, providing services, and receiving interest from investments less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.
- Temporarily restricted net assets include gifts, pledges, trusts, remainder interests, and income and gains which can be expended, but for which restrictions have not yet been met. Such restrictions include donor imposed restrictions that have specified the purpose for which the net assets are spent, or time restrictions imposed by donors or implied by the nature of the gift. The Organization has no temporarily restricted net assets as of June 30, 2014 and 2013.

**ASSOCIATED STUDENTS OF
CALIFORNIA STATE UNIVERSITY, LOS ANGELES, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014 AND 2013**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- Permanently restricted net assets are subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes. The Organization does not have permanently restricted net assets as of June 30, 2014 and 2013.

Cash

The Organization maintains its cash in a checking account.

Accounts Receivable

Accounts receivable, including accounts receivable from affiliates, are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to bad debt and a credit to an allowance account based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance and a credit to accounts receivable. There is no reserve for uncollectible accounts at June 30, 2014 and 2013 as management has determined that all accounts receivable are collectible.

Investments

The Organization has an investment with the State of California-Local Agency Investment Fund (LAIF) and reports the balance at fair value. The fair value of the investment maybe greater or less than the deposits with the difference representing the unrealized gain or losses. Investment income or loss (including realized and unrealized gains and losses on investments, interests, and dividends) is included in the statement of activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donor or law. At June 30, 2014 and 2013, the Organization received interest income in the amount of \$2,787 and \$3,552 respectively.

Capital Assets

Capital assets are stated at cost, and all capital assets in excess of \$5,000 are capitalized. Depreciation is computed using the straight-line method over the estimated useful life of the assets, which range from three to five years.

Deferred Employee Benefits

The Organization implemented ASC Topic 715, *Employers' Accounting for Defined Benefit Pension and Other Post-Retirement Plans* in connection with the deferred employee benefit plan. This requires the Organization to recognize the funded status of a benefit plan, measured as the difference between plan assets at fair value and the benefit obligation, in the statement of financial position, with an offsetting charge or credit to net assets. Gains or losses and prior service costs or credits that arise during the period but are not recognized as components of net period benefit cost will be recognized each year as a separate charge or credit to net assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Student Activity Fees

Student activity fees represent mandatory fees charged to substantially all University students on a quarterly basis. The fees are collected by the University and remitted to the Organization.

Functional Allocation of Expenses

The costs of providing various programs and other activities of the Organization have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and services benefited.

Tax Status

The Organization has received tax-exempt status from the Internal Revenue Service and California Franchise Tax Board under Section 501(c)(3) of the Internal Revenue Code, and Section 23701d of the Revenue and Taxation Code, respectively.

Management has considered its tax positions and believes that all of the positions taken by the Organization in their federal and state exempt organization tax returns are more likely than not to be sustained upon examinations. The Organization's returns are subject to examination by federal and state taxing authorities generally for three and four years, respectively after they are filed.

Donated Use of Facilities

The Organization has received non-cash contributions of donated use of facilities from an affiliated organization. The fair value of contributed use of facilities has been measured at fair value. For the years ended June 30, 2014 and 2013, the Organization recorded \$55,793 and \$45,247, respectively as donated use of facilities and expense.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Reclassifications

Certain accounts presented in the 2013 financial statements have been reclassified to be consistent with the current year's presentation. Such reclassifications have no effect on the change in net assets as previously reported.

The Organization follows ASC Topic 820, *Fair Value Measurement and Disclosures*, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.
