~ Celebrating the sacred in artists' ways**

Dear Marcus and colleagues at Co-op,

This is an exciting project, and Artwalk Inc would be honored to support it in any way we can. We've sponsored mural projects in East Hollywood and Silver Lake, and know what it can mean to a neighborhood. Check out the mural at the Southern entrance of Barnsdall Art Park that was supported financially by Eric Garcetti's office and Kaiser Permanente, as well as the artists themselves.

Let me know how we might be able to support this project, and I can bring it to our board in a nano-second if we can help you bring it forward.

Sincerely,

Rev. Dr. Roberta Morris
