River: Mentioned about the ASI Town Hall event and everyone's availability at at time.

Brian: Reminded the Committee about the Café de Leche promotion drink for the Student Leader Elections, it is happening now until the 21st.

III. Informational Items

IV. Action Items

V. Discussion Items

A. Fall 2026 Program Calendar Creation

River: Discussed with the Committee about program proposals that are potentially going to be in the 2026-27 academic year.

Ashley: Asked where the 2026-27 calendar was.

River: Answered that it was in the Slack channel, for everyone's reference.

Brian: Discussed about a new program proposal for students to submit art designs for merch that can be bought at the bookstore. Referred from a social media post that came from Cal Poly Pomona's news article that the bookstore has been selling clothes that had AI-generated designs of their mascot.

River: Liked the idea, but had some discussion regarding AI usage for the designs.

Brian: Mentioned about AI usage, and that the guidelines would be written out to avoid any AI submissions.

Ashley: Discussed a new program proposal for students to get awareness of services that provide ways for them to apply for post-baccalaureate education (i.e Masters, Doctorate, etc).

River: Supported the proposal, mentioned about a previous event that involved CPR training for students. Also mentioned that this event could be a collaboration with the Career Center.

Sophia: Supported Brian's idea for the design competition event, suggested to have a designer or publisher to this event as well. Also mentioned that with the U-SU drink coming out for Elections, ASI could have a special drink for midterms as well, or some event that is similar to CSI's Coffee and Grind event. Mentioned that a sticker book concept could be a mix as well.

River: Supported the idea of a sticker book, could be used to have students collect stickers that they get from ASI events, then submit the sticker book for a chance to get a raffle prize (Switch 2, AirPods, etc)

Jazmine: Explained her program proposal that she is working with Genensis about, regarding a Civic Engagement event that has students traveling to the field office of local legislators.

Ashley: Asked to see if there was a GPA requirement in the past for these kinds of events.

River: Answered that there isn't a GPA requirement due to liability issues and the risk of violating FERPA laws.

Brian: Supported the Civic Engagement event, also adds that if ASI could get the referendum for the Fee Increase passed, then an event that consists of having students going to the State Capitol could be the next step.

Sophia: Disagrees with the GPA requirement, since that would affect equity among the students, and GPA doesn't show the entire picture of the person's background.

Brian: Mentions about a system that students could go to workshops, similar to CSI's LEAD series, and that the more workshops they attend, the better chances that they are able to join the State Capitol trip.

Sophia: Agrees and discusses that this could expand into Wingspan.

River: Adds in another program proposal regarding wellness field trips, starting with the Huntington Library. These field trips could happen once every semester.

Brian: Supports the proposal, discusses that the Student Health Center could collaborate with ASI since it is considered a wellness event.

Sophia: Mentions that there is a contest for the Huntington Library for students to apply for a free pass, only exception is that they are in the Los Angeles County.
